

ADA Compliant Mobile Handrail Scale With Digital Measuring Rod and ID-Display™

seca
Precision for health

seca Scale-up Line

- + **High Weight Capacity:** 800 lbs / 360 kg to accommodate a wide range of patients
- + **ADA-Compliant Slip-Resistant Surface:** Enhances safety for patients providing a secure, stable footing
- + **ADA-Compliant Standing Supports:** Dual standing supports on both sides
- + **ADA-Compliant Standing Support Length:** Gripping surfaces exceed 4" in length
- + **ADA-Compliant Standing Support Height:** Antimicrobial handrail angled design offers variable grip height and greater accessibility
- + **Integrated Digital Height Rod:** For automatic readings on the display
- + **Direct EMR-Validated Integration:** Enhances dosing accuracy and reduces documentation errors with real-time weight transmission

*EMR integration features are functional exclusively when the device is connected to the AC Adapter and are not applicable when powered by a mobile battery pack.

ADA Compliant Mobile Handrail Scale With Digital Measuring Rod and ID-Display™

Meeting Your Demands On-the-Go!

The optimized mobile edition of the seca Scale-up Line redefines medical scales' standards, delivering precision, versatility and durability that will reshape your expectations. Weigh patients with utmost precision and measure height as convenient and quick as possible with the digital height measuring rod. Readings appear automatically in the multifunctional touchscreen-display.

Your first choice for demanding healthcare environments

The optimized mobile edition of the seca Scale-up Line redefines medical scales' standards, delivering precision, versatility and durability that will reshape your expectations. Weigh patients with utmost precision and measure height as convenient and quick as possible with the digital height measuring rod. Readings appear automatically in the multifunctional touchscreen-display.

Scale

Capacity	800 lbs / 360 kg
Graduation	0.1 lb / 50 g
Dimensions platform (W x H x D)	23.6 x 2.8 x 18.4" 600 x 70 x 467 mm
Functions	Display of user and patient name or ID, TARE, Pre-TARE, mother+child function, HOLD, Auto-HOLD, Auto-BMI, CLEAR, Auto-CLEAR, lbs/kg switch-over, inch/cm switch-over, damping, standby mode, Wi-Fi, Ethernet
Accessories	+ Rechargeable battery pack seca 453 + Barcode scanner mount seca 463 + Panda seca 459 (not in combination with battery pack)

Digital telescopic measuring rod seca 254

Measuring range (total)	4 – 90" / 10 – 228 cm
Measuring range (digital)	48 – 90" / 122 – 228 cm
Graduation	1/8" / 1 mm

Seamless EMR integration with ID-Display™

Enhance efficiency, eliminate transcription errors, and foster a zero-incident environment with seca's Scale-up Line. Seamlessly integrate patient measurements into your EMR System* and check the patient and user ID on the ID-Display™ for extra safety. Imagine the relief for staff as patient weight and height data is automatically captured.
